

Source of Power

KALA Genset

Source of Power

KALA Genset is the • One of the leading Generator Original Equipment Manufacturer for Kirloskar Oil Engines Ltd , having ISO : 9001 – 2008 certification. With it's strict quality control measures & prompt services, It ensures total customers satisfactions.

• KALA Genset is having vast experience for manufacturing with an ultramodern product range that meets every specifications and need of customers . With a wide variety of manufacturing Gensets , Special Control Panels , Acoustic canopies & Instrumentation Equipments , are all set to conquer Global markets.

• KALA Genset is prominent name in India in the field of manufacturing Diesel Generating Sets and Electrical Control Panels , of different ratings since last 16 years, catering to power requirements of well known companies.

• The spirit of continuous product up gradation has entailed to tie-up with **ELSTEEL** for Modulator Enclosure Systems with Highest Safety Standards and type tested at **IPH** (Berlin), **ASTA** (UK), **DEMKO** (Denmark).

Kala Genset Manufacturers , All Types of LT Control Panels.

Product Range :

DG Control Panels STD /AMF , Synchronizing Panels:

Synchronizing panel is used where one DG set is synchronized with two or more DG sets.

LT Panel (PCC Panels) :

We offer high quality LT Panels (PCC Panels) effective for maximum power utilization. The panels will be totally dust proof , vermin proof and Customized.

Applications:-

- Pharmaceutical • Food • Chemical • Fertilizers • Steel • Sugar
- Refineries • Cement

Source of Power

Motor Control Center (MCC):

We also offer high quality Motor Control Center (MCC) suitable for extreme temperature variations. **it** is an assembly of one or more enclosed sections. These panels are having a common power bus & principally containing motor control switchgears.

Applications :

- Water Pumps • Heavy Machinery • Industrial Equipment
- Medical & Office Equipment • Automotive Industry
- Processing Units • Electronics & Telecommunication Industry.

APFC Panels :

Automatic Power Factor Control Panels are mainly used for the improvement of Power Factor.

PLC Panels :

A Programmable Logic Controller (PLC) or Programmable Controller is used for Automation of Electro Mechanical processes.

Applications:

- Manufacturing Unit • Plant Automation • Machine Automation
- Commissioning of Plant • Pumping System • System Atomization

KALA Unique Selling Proposition :

- Compliance to International Quality Standards.
- Follow Industry best practices to deliver highest Quality Solutions
- Highly skilled Teams .
- Focus on Customer Delight .
- Customer Centric Organization.

Infrastructure

KALA's spirit of innovation reflects in its wide range of quality Products and meets every specification and need of customers. Web based monitoring system available 24 x 7 for Customer Service.

Turret Punch Presses and CNC sheet Bending Equipments.

CAD-CAM , Pro-E 3D, E-plan Design centre

12 Tank in house process with PLC based Automatic Pre Treatment & Converised Robotic Powder Coating facilities in Plant .
